

Save the date! The second International Conference on **Cerebral Autoregulation**

Nijmegen, The Netherlands, September 23-24 2012

Organised by CARNet, the international Cerebral Autoregulation Research Network, this 2-day conference will attract renowned researchers from around the world to discuss the latest progress on the regulation of blood flow in the brain. Invited speakers, proffered papers and ample time for discussion and networking will make this the leading event in the field.

Please visit the new CARNet website at <http://www.car-net.org>

Conference topics include:

- static CBF autoregulation
- dynamic CBF autoregulation
- neurovascular coupling
- cerebrovascular CO₂ reactivity
- regulation of ICP

Scientific Committee:

Jurgen Claassen (Nijmegen), Chair
Ronney Panerai (Leicester)
David Simpson (Southampton)
Stephen Payne (Oxford)

Registration will open May 1 2012

Abstract submission is open at carnet2012@gmail.com Deadline for submission June 30
Please submit proposals for oral or poster presentation. These will be reviewed by the scientific committee.

Venue: Radboud University Nijmegen, the Netherlands
Nijmegen is easily accessible by train (direct connection, 1.5 hrs) from Amsterdam Schiphol Airport, or the low-cost airports Eindhoven or Dusseldorf / Weeze (Dusseldorf-Niederrhein).
